Client Testimonials

It was an absolute pleasure to work with Sonya on remodeling projects in our home. She was incredible at blending our existing decor with our desire for a new look in multiple living room areas. So flexible and made it easy to share our ever changing vision of what we wanted. She extended every possible discount and helped us buy high quality materials at a tremendously reduced cost. She knows her stuff and helped us transform our house into a more modern and cozy space. Can't wait to start in the next wave of projects!

Sonya and her team were absolutely amazing! They did paneling in our master, our staircase wall and the floating shelves in our living room and the entire team's attention to detail was phenomenal. Sonya was always attentive, responsive and guided my choices in a respectful and welcoming way. We are extremely satisfied and would recommend her and her team to anyone who wants to bring their dreams for their home to reality!

We hired Sonya to help with making our contemporary new home feel more warm and reflective of who we are as a family. We were impressed with the work she has done at another home and we felt that she would be the right person to help us achieve our goals. We are very happy that we hired Sonya and she helped us achieve exactly what we wanted! She understood our design sensibilities and preferences and provided us with alternatives that we are excited to pick from. She was also keenly aware of the budget when she presented us with alternatives. The best part with Sonya is that she not only provided us with excellent designs but also had a high quality team that could bring the design to reality within expected timelines and budget! We highly recommended Sonya for design of your new space or remodel!

We hired Sonya for our home remodel and it was a great experience. She is hard-working, has good taste and always responsive to our needs. We built a new bedroom for our daughter and it came out fantastic. We also did a redesign of several other rooms (kitchen, formal living, bathrooms, etc.) and all livened up the entire aesthetic of our home. We would recommend Sonya to anyone looking for any kind of design or remodel projects for their home. She has a team of skilled craftsmen that she manages and makes sure that the project stays on time and in budget.
